Quality With Innovation

WHO WE ARE

Saviors of life through purity

J-BANS ICU CARE PVT. LTD. is a privately owned company established to manufacture and market parenteral and injectible drugs with the help of the right technology and then market them. These drugs are niche, knowledge intensive and of critical therapeutic segments.

WHAT WE MAKE

A promise to bring out only what's best for you

We manufacture and market a wide range of therapeutic drugs like Analgesics, Anesthetics, Antiemetics, and Anti-infectives. We use sterile and aseptic techniques, backed up with the science of Targeted Delivery System to produce supreme quality drugs.

OUR GEOGRAPHY

Our aim is to reach all around the world

As a company, we plan to cater to various developed markets like the USA, UK, Germany, Spain, Australia. This will be accomplished by a continuous investment in Research & Development along with an experienced team of researchers, clinicians, and other professionals working together.
